

Quest, Inc. – Central Region

The Quest team, through quality and innovation, builds communities where people with developmental disabilities achieve their goals. Quest has served the Central Florida region with a variety of services for individuals with developmental disabilities for over 50 years. Quest's Intermediate Care Facilities are located in both Orlando and Tampa.

Location

Laurel Hill Cluster

Programs Available to Residents

Laurel Hill team members provide 24-hour personal care, habilitation, developmental and supportive health services to people with developmental disabilities whose primary need is for developmental/residential services. Also provided are 24-hour skilled nursing services for those people whose medical conditions require continuous nursing care and observation

Team Members

Laurel Hill team members are carefully screened and trained to provide quality health and rehabilitative services. A large majority of the team members have worked at the facility for more than 10 years. Team members receive comprehensive training in provision of health care services, training independent living skills, and individual outcome measures. Team members work closely with consultation from occupational, speech, dietary, and physical therapy consultants to ensure the highest quality of care.

Unique Features

Laurel Hill is located on a beautiful stretch of land, tucked away from the busy-ness of Orlando, where residents can enjoy peaceful paved nature trails and courtyards. People are given opportunities each day to enjoy the activities they prefer, from outdoor walks & wheelchair swings, music & dancing or having hair & nails done. People are also given ample opportunities to get "out of the house" and into the community. Community activities often include concerts, fairs, shopping and parks. Trips are planned according to individual preferences.
