

ResCare - Northeast Region

Mission Statement

Helping people with intellectual and developmental disabilities live their best lives.

ResCare Community Living has been in the business of helping people achieve quality outcomes in their own home or in home environments since 1974. It's our calling. We have earned the trust of families in providing community living services that their loved ones with intellectual and developmental disabilities need in order to thrive. It is a commitment that we will always keep.

Locations

39th Avenue Cluster
5915 NW 39th Avenue
Gainesville, FL 32606

Lake City Cluster
673 NW Cluster Dr.
Lake City, FL 32055

Programs Available to Residents

The 39th Avenue Cluster and Lake City Cluster both feature three individual homes, each with 4 semi-private rooms, located on beautiful acreage and offers 24 hour on-site nursing services. ResCare provides residential services and community living supports to adults with intellectual and developmental disabilities. Our residents take an active role in developing their individual service plan with our interdisciplinary team. We encourage the people we support to engage in family and community activities that includes participation in clubs, classes, athletics, church and other organizations.

Unique Features

For more than 40 years, ResCare Community Living has provided trusted community services that help individuals with intellectual and developmental disabilities enjoy greater quality of life in their own home or in home-like environments. We believe that individuals of all abilities deserve to live their best life through support provided in their own communities. We also believe in making inclusion and personal choice a priority. Individuals, in consultation with families and guardians, have the right to participate in the process of selecting their own services and developing their own life goals.

Providing quality care is our primary responsibility. At ResCare, our mission is to provide the right care - at the right time - in the safest environment possible. We promote an organizational culture focused on safety, trust, respect and professionalism. Each person we support receives individualized care tailored to their unique needs and abilities. Our care management tools and programs keep the individuals we serve safe, enhance independence, improve quality outcomes and lower health care costs.
