# Intermediate Care Facilities

ORLANDO, TAMPA, BRANDON | FLORIDA

- 24-Hour Nursing Support
- On-Site Therapy
- Community Involvement
- Medical Director Visits
- Personalized Rooms
- Choice & Independence

## **Quest, Inc. – Suncoast Region**

Quest, Inc.'s Intermediate Care Facilities (ICFs) provide a nurturing home environment for individuals with severe and profound developmental disabilities who are medically complex.

### **Locations**

- Skipper Road Cluster
- Williams Road Cluster

### **Programs Available to Residents**

Skipper and Williams Road Clusters are located in neighborhoods as part of the community. Residents have access to occupational therapy, speech and language therapy, dietary services, physical therapy, behavioral services, adult day programs and opportunities to participate in community events — including social outings, Lowery Park Zoo, the Florida Aquarium, theme parks, shopping and more.

### **Team Members**

Team members are carefully screened and trained to provide quality health and rehabilitative services, including activities of daily living, nutritional management and physical management needs. Team members work closely with occupational, speech, dietary and physical therapy consultants to ensure the highest quality of care.

## **Unique Features**

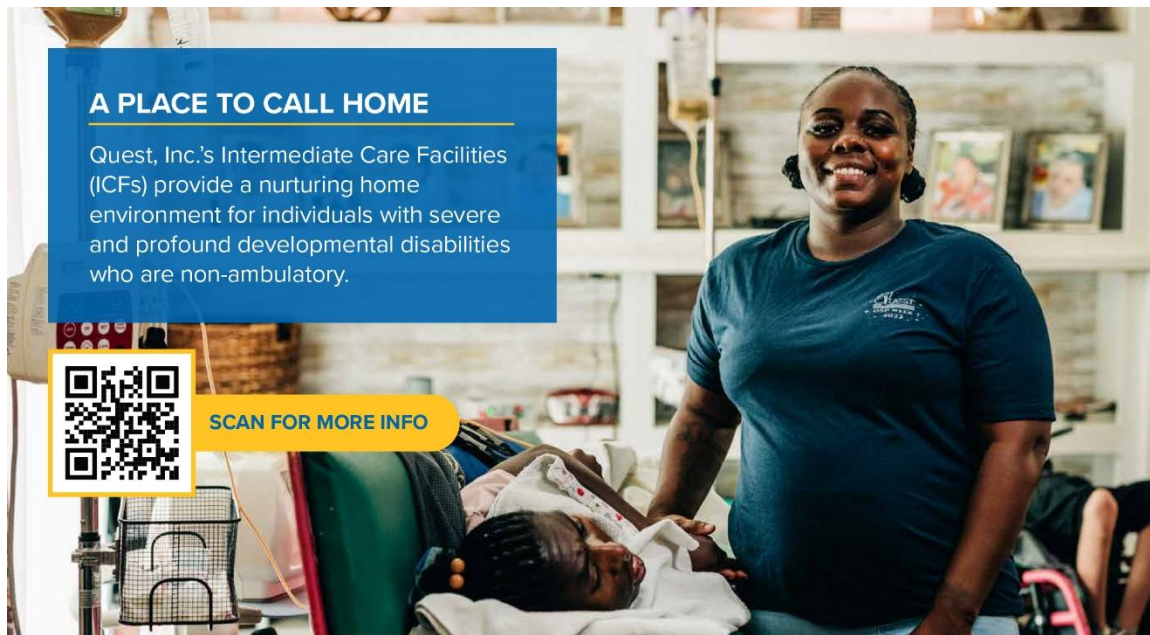

People are given opportunities each day to enjoy the activities they prefer, from outdoor walks and wheelchair swings, music and dancing or having their hair & nails done. People are also given ample opportunities to get “out of the house” and into the community. Community activities often include concerts, fairs, shopping and parks. Trips are planned according to individual
