

Sandy Park Development Center – Suncoast Region

The mission of Sandy Park Development Center is to enhance the lives of the individuals served.

Location

Sandy Park Development Center
2975 Garden Street
North Ft. Myers, FL 33917

Programs Available to Residents

Sandy Park Development Center is a residential community based Intermediate Care Facility for people with development disabilities. We offer a program in accordance with the Federal guidelines for developmental disabilities designed to maximize the potential individuality of each client. Services include Residential Group Homes, Transportation, Leisure Activities, and Training in the following areas:

- Behavior management
- Self-care skills
- Health care
- Nutrition
- Sensorimotor & Affective Development
- Vocational & Pre-vocational Skills
- Communication
- Cognitive & Social Development
- Community inclusion
- Independent Living skills

Unique Features

Each cottage is home to sixteen clients. All bedrooms are semi-private suites with adjoined bathrooms. Each cottage has its own dining room which enhances the warm, secure feelings at Sandy Park. All buildings are constructed according to ICF/DD Federal specifications.
